

Name: Chester Gil Balbuena

Student ID: 113088223

Date: June 3, 2023

The screenshot shows the Visual Studio Code interface with a terminal window open. The Explorer pane on the left shows a project named 'Assignment2' with a 'modules' folder containing 'a2.js' and 'collegeData.js'. The terminal window shows the command 'node a2.js' being executed, resulting in the following output:

```
PS C:\Users\Clarissa\Documents\Chester\Summer Term\Web 700\Assignment2\modules> node a2.js
Data configuration successful.
Successfully retrieved 260 students
Successfully retrieved 11 courses
Successfully retrieved 30 TAs
PS C:\Users\Clarissa\Documents\Chester\Summer Term\Web 700\Assignment2\modules>
```

The terminal window also shows the content of 'a2.js' in the background, which includes a comment about the assignment and a call to 'collegeData.js'.

Screenshot of Output in the Terminal
